LANDPAC FUNDRAISER

HALTER RANCH VINEYARD

PASO ROBLES, CA

THURSDAY, NOVEMBER 17

6:30 - 8:30 P.M.

Private VIP Winery and Cave Tour
Wine Tasting & Hors d'oeuvres

\$75 per person

Tours start at the Tasting Room and begin with a walk through the 19th-century barnyard. You will learn about the history of Halter Ranch and plans for further restoration of this historic property.

Halter Ranch is the first winery to employ a gravity-based CO2 evacuation system built into the foundation. Shaped tank pads, tank skirting, and drainage systems are at the absolute cutting edge of winemaking technology worldwide. Modular hook-ups for movable tanks allow continued use of equipment from the old winery facility while providing potential for future expansion. www.halterranch.com
