

TABLE OF CONTENTS

1 PROJECT MANAGEMENT 12

- 1.1 Project Scheduling and Timelines.....12
- 1.2 Underground Service Alert: Sample — Southern California.....13
- 1.3 Underground Service Alert: Sample — Northern California.....14

2 SITE DEVELOPMENT 15

- 2.1 Disposal of Excavated Materials15
- 2.2 Grading/Earth Movement: Machine Excavation — Backhoe16
- 2.3 Grading/Earth Movement: Machine and Hand Backfill.....17
- 2.4 Grading/Earth Movement: Machine Excavation by Hand Labor with Wheelbarrows18
- 2.5 Grading/Earth Movement: Typical Soil Moving — Hand Labor .18
- 2.6 Grading/Earth Movement: Shoveling Loosened Soil into Trucks18
- 2.7 Grading/Earth Movement: Typical Soil Moving — Tractor18

3 PLAN READING/PRODUCTION 19

- 3.1 Scale Equivalents19
 - Scales 1/16" to 1" (Architects Scale) 19
 - Scales 1" = 10' to 1" = 80' (Engineers Scale) 19
 - Scale 1" = 100' to 1" = 1000' 20
 - Scales 1" = 50' to 1" = 10 Miles 20
- 3.2 Slope Calculations20
 - Angles of Slopes 20
 - Slope Measurement Plan (Horizontal) to True Measure 21
 - Approximate Equivalencies: Slope/Grade/Degree 21
 - Safe Limit Restrictions (General Guide) 22
 - Slope Definition 22
 - Slope Formula Descriptions 23
 - Slope Reference Chart – Percent, Angle and Ratio 24
- 3.3 Slope Comparison Table25
- 3.4 Stair Construction26
 - Stair Information 26
 - Stair Riser: Tread Calculations 27

4 EARTHEN MATERIALS & CALCULATIONS 28

4.1 Weights of Some Earthen Materials.....28

4.2 Angles of Repose in Soils.....28

4.3 Volume Calculation of Site Excavation.....28

4.5 Soil Coverage in Square Feet Per Cubic Yard.....29

Computation of Volume of Excavated Material 29

4.6 Erosion Control Methods.....30

Silt Fence Construction 30

Cross-Section of Silt Fence Installation 31

Joining Sections of Envirofence 31

Straw Bale Dike (Embedding Detail) 31

Straw Bale Dike (Anchoring Detail) 31

4.7 Volumes of Sand/Gravel in Stock Piles.....32

4.8 Soil Swellage/Shrinkage Factors.....32

Approximate Swellage Factors for Various Soil Types 32

Approximate Shrinkage Factors for Various Soil Types 32

5 PUMPS 33

5.1 Pumps: Variables Used in Formulas.....33

5.2 Pumps: Horsepower Required for Pumping Water.....34

5.3 Pumps: Water Horsepower Requirements.....35

Brake Horsepower 35

Horsepower 35

Total Dynamic Head 35

Velocity Head 35

Water Horsepower Requirements 35

5.4 Pump Operating Costs.....36

6 CONSTRUCTION & HARDSCAPE 37

6.1 Heavy Construction and Hardscape.....37

Concrete Classification 37

Concrete Surface Coverage Per Cubic Yard 37

Exposed Aggregate Pebble Coverage 37

Approximate Volumes Materials Required Per Cubic Yard of Concrete 38

Permeable Pavement Comparison Chart 39

6.2 Pools, Ponds & Waterfalls.....40
 Capacity of Round Pools Per Foot of Depth 40
 Capacity of Square Pools Per Foot of Depth 40
 Capacity of Various Rectangular Pools Per Foot of Depth 40

6.3 Concrete Block Retaining Walls41
 Concrete Quantities Required for Footings 41
 Concrete Block Quantity Calculations 41
 Time Data Approximation for Concrete Block Retaining Wall 41
 Concrete Masonry Units (CMU) 42
 Calculating Quantity of Brick 42

6.4 Weight and Coverage of Building Materials.....43
 Weights of Masonry Materials 44
 Weights and Approximate Coverages: Masonry Materials 44
 Recommended Coverages for Decomposed Granite With Binders 45
 Approximate Rock Weight Per Granite Boulder 45
 Post Burial Depths 46
 Gabion Data: Sizes and Weights 47

6.5 Reinforcing Steel Dimensions48
 Concrete ASTM Standards 48

6.6 Brickwork.....49
 Number Standard for Face Brick and Common Brick
 in Masonry Walls 49
 Square Feet Wall Per 1,000 Brick 49
 Mortar Required Per 1,000 Bricks 50
 Coverage: Brick Flat Work 50
 Brick Masonry: Mortar Color Quantities Per 1,000 Brick 50
 Quantities of Materials Per Cubic Foot of Mortar 50
 Time Data for Brick Paving (Flatwork) 51

6.7 Lumber51
 Standard Size Lumber 51
 Standard Size Lumber: Redwood 52
 National Grading Rules for Dimension Lumber: Classification 53
 Weights and Quantities of Lumber 53
 Board Measure 54
 Conversion of Lumber Sizes to Feet Board Measure (FBM) 54
 Board Feet Calculations 55
 Properties of Plywood for Concrete Forming 56
 Minimum Post Sizes 57

	Beam Sizes & Spans	58
	Joist Spacing (Deck Span)	59
	Maximum Allowable Spans for Spaced Deck Boards	59
6.8	Nails & Screws	60
	Common Nail Data	60
	Wood Screw Data	60
6.9	Painting & Staining	61
	Paint Coverage in Square Feet Per Gallon	61
	Approximate Covering Capacity of Painting Materials	62
	Exterior Spray Painting Time	63
	Exterior Brush Painting Time	63

7 IRRIGATION 64

7.1	Formula Terminology	64
7.2	Irrigation Variable and Units	66
7.3	Irrigation Formulas	68
	ETWU (Estimated Total Water Use) Formula	68
	MAWA (Maximum Applied Water Allowance) Formula (2015)	69
	Coefficient Of Uniformity	70
	Distribution Uniformity	70
	Dynamic Pressure Determination	70
	Friction Factor Pipe Sizing	70
	Friction Loss in Pipe	71
	Velocity of Flow	71
	Minimum/Maximum System Capacity Requirements	71
	Precipitation Rate	72
	Scheduling Coefficient	72
	Sprinkler Run Time	72
	Static Pressure	72
	Water Hammer	73
7.4	Maximum Precipitation Rates for Slopes	73
7.5	Water Supply Requirements	74
7.6	How to Use the Water Supply Requirements Table	74
7.7	Water Supply Requirements Table	75
7.8	Looped Main Line Flow Rates	76
7.9	Sprinklers Per Acre: Square or Rectangular Spacing	77
7.10	Sprinklers Per Acre: Equilateral Triangular Spacing	78
7.11	Flow Conversion	79

8 ELECTRICAL 80

8.1	Power Conversion.....	80
8.2	Cost of Operation.....	81

9 Soils Amendments & Fertilizers 82

9.1	Soil Improvement Process.....	82
9.2	Representative Tilling Equipment Work Capacity.....	82
9.3	Soil Mixes Percentages.....	83
9.4	Soil Coverage in Square Feet Per Cubic Yard.....	83
9.5	Peat Moss Coverage: Depth in Inches Per Square Surface Footage.....	84
9.6	Steer Manure Coverage: Depth in Inches Per Square Surface Footage.....	84
9.7	Steer Manure: Rates Per Acre Based on Required Rates Per 1,000 Square Feet.....	85
9.8	Fertilizer Application Rates.....	86

10 PLANT MATERIAL 87

10.1	Trees: Time Data for Transplanting Field-Grown Stock.....	87
10.2	Box Tree Weights.....	87
10.3	Tree Pit Excavation for Nursery Container Stock.....	88
	<u>Square</u> Pits With Vertical Sides.....	88
	<u>Round</u> Pits With Vertical Sides.....	88
10.4	Box Tree Backfill Volumes.....	89
10.5	Planting Distances.....	89
10.6	Plant Material Time Data: Planting Trees and Shrubs, Nursery Container Stock.....	90
10.7	Container Stock Weight.....	90
10.8	Volume of Excavated Soil Resulting From Multiple Plantings,	91
	Nursery Container Stock.....	91
	<u>Round</u> Planting Pits.....	91
	<u>Square</u> Planting Pits.....	91
10.9	Approximate Backfill Volume for Various Nursery Container Stock.....	92
	Fill Required for <u>Square</u> Plant Pits — Vertical Sides.....	92
	Fill Required for <u>Round</u> Plant Pits — Vertical Sides.....	92

10.10	Shrubs Per Acre	93
10.11	Plants Per Linear Foot	94
10.12	Groundcover Coverage Per Flat	94
10.13	Plants Per Hundred Square Feet	95
10.14	Plugs/Cuttings: Time Required for Planting Unrooted Cuttings	95
10.15	Green Roof Materials	96

11 TURF 97

11.1	Turf Installation: Time to Finish and Grade	97
11.2	Turf Installation: Time By Vegetative Parts	97
11.3	Seed Application Rates	98
11.4	Stolon/Plug Coverage	98
11.5	Grass Stolons: Distribution Rate by Means of Sprigging	98

12 MULCH 99

12.1	Mulch Application Quantities	99
------	------------------------------------	----

13 EQUIPMENT 100

13.1	Tractors	100
	Tractor/Loader/Scrapers Specifications	101
13.2	Skid Steer Loaders	101
	Skid Steer Loaders Operating Specifications	102
13.3	Representative All-Purpose Tractors, Wheeled Utility and Compact	102
	Representative All-Purpose Tractors, Wheeled Compact Specifications	103
	Representative All-Purpose Tractors, Wheeled Utility Specifications	103
13.4	Wheel Loaders (Earth Movers)	103
	Wheel Loaders (Earth Moving) Specifications	104
13.5	Tractor/Loader/Backhoes	104
	Tractor Loader/Backhoes Specifications	105
13.6	Hydraulic Excavators and Mini-Excavators	105
	Mini-Excavators Specifications	106
	Excavators Specifications	106
	Track-Type Tractors Specifications	106

- 13.7 **Track Loaders Specifications** 107
 - Earth Moving Track Loaders Specifications 107
 - Wheel Tractor Dozers Specifications 107
 - Scrapers Specifications 107
 - Motor Graders (Grading) Specifications 108

14 WEIGHTS, MEASURES, FORMULAS & CONVERSIONS 109

- 14.1 **Weights, Measures and Formulas** 109
 - Area Calculations: Units of Area Equivalents 109
 - Conversions of Units of Area 109
 - Square Tracts of Land (in Sq. Ft. and in Acres) 109
 - Square Feet to Equivalent Acreage 110
 - Acres to Equivalent Square Footage 111
 - Angular and Circular Measure 111
 - Units of Area 111
 - Geometric Figures Area Calculations 112
 - Circumferences and Areas of Circles: Diameters 1' to 100' 114
- 14.2 **EQUIVALENT CONVERSIONS** 115
 - Volume Equivalent Calculations 115
 - Conversions of Units of Volume 115
 - Conversions of Dry Materials 116
 - Liquid Measure Equivalents 117
 - Units of Water Measurement and Equivalencies 118
 - Liquid Materials: Conversions for Use in Small Areas 119
- 14.3 **Units of Cubic Measure** 119
- 14.4 **Units of Liquid Measure** 119
- 14.5 **Shapes** 120
- 14.6 **Cones** 121
- 14.7 **Volume Conversion Table** 122
- 14.8 **Linear Calculations** 126
 - Units of Length Equivalents 126
 - Conversions of Units of Length 126
 - Units of Length 126
- 14.9 **Conversions: English to Metric/Metric to English** 127
- 14.10 **Light Calculations** 128
 - Light Intensity Conversion Table 128

14.11 Fractions Equivalents	129
Place Values in Decimal System	129
Conversion: Inches and Fractions to Decimal Parts of a Foot	129
Decimal and Metric Equivalents of Common Fractions	130
14.12 Temperature Conversions.....	131
14.13 Screen Filter Mesh Equivalents	132
Screen Filter Conversion	132
Screen Mesh Sizes Compared to 0.020 Inch Orifice	133
14.14 Atmospheric Pressure Conversions	133
Pressure Conversion Table	133
14.15 Units of Weight	136
Units of Weight Equivalents	136
Conversions of Units of Weight	136
Weight Equivalents	136
Units of Weight	136
Weight Conversion Table	137
14.16 Conversion Charts.....	138
Pressure Loss Conversion Table	138
Velocity Conversion Table	138
Concentrations	140
Conversions: English System to Metric System	140
Conversions: Metric System to English System	140
14.17 Area Conversion Table	141
Area Conversions	141
Length Conversion Table	143

15 LIGHTING 145

15.1 Low Voltage Lighting.....	145
15.2 Components of Landscape Lighting.....	145
The Source	145
Transformers	145
Transformer Options	146
The Conductor	146
The Load (Landscape Lights)	147

15.3 Function and Application of Lights 148

- Area and spread lighting 148
- Accent lighting 148
- Facade lighting 148
- Uplighting 148
- Backlighting 148
- Silhouetting 148

15.4 Fixture Placement 149

- Single Light Source Directly in Front of the Object 149
- Single Light Source to Either Side of Object 149
- Multiple Point Sources 149
- Downlighting 149
- Moonlighting and Flower Beds 149

15.5 Lamps 150

- Candlepower 150
- Footcandle 150
- Illuminations 150

15.6 Color of Light 150

15.7 Lamp Types 151

- Bayonet Base Lamps 151
- T-5 Wedge Base Lamps 151
- T3 and T4 Tungsten and Halogen 151
- MR Quartz Halogen 151
- Sealed Beam Lamps 151
- LED 151
